Dear Mark,

On behalf of Tel Aviv University, President Ariel Porat and myself, I would like to thank you as the President of the Heritage Projects Foundation (USA) and Yiddish Heritage Preservation Foundation (Israel) for the generous donation and support for our efforts during the Iron Swords War and the gift from both Foundations

These are agonizing times for Israel and Jews world. But our resilience and unity as a country and a people, and the unwavering friendship of our university supporters, is a ray of light in these dark times.

Your Foundations generosity will greatly assist in helping families of those students killed during the War.

Thank you, Happy Hanukka, and Am Israel Chai!

Yours,

Amos Elad
